

PATCHOGUE FISHING CLUB REGULAR MEETING MINUTES

Date: **May 22, 2008**

Meeting called to order by President at: **8:10 p.m.**

After the pledge, the following committee reports were discussed:

OUTDOOR
Tom Ganetis reported on the results of the Peconic Bay Tournament. Unfortunately, only five (5) club members participated in the tournament. The good news is that all five members ended up winning a prize. No weakfish were caught so only prizes were handed out for fluke and bluefish. Details on the winners, including type of fish and weight, will be included in the June newsletter.

INDOOR
The Marine Weather presentation provided by Patrick Maloit (NOAA) was great and took up most of the regular meeting. Therefore few other committee reports were discussed at the meeting. Patrick had a presentation prepared and handed out a "fact sheet" on marine reporting criteria. He also provided members with a phone number to call (1-800-226-0218) to provide marine weather reports from people on the water. This is part of the Marine Observation Program run by NOAA. He encouraged members to call in this number if they are experiencing different weather patterns than those reported on the radio.
